4. Discuss County Administrator Recruitment

MIAMI COUNTY
STAFF REQUEST FOR COMMISSION ACTION

SUBMITTED BY: Matthew Oehlert	REQUESTED MEETING DATE: June 10, 2026
DEPARTMENT: Engineering	REQUESTED MEETING: June 10 BOCC Study Session
CONTACT INFORMATION: moehlert@miamicountyks.org	PROJECT / REFERENCE NUMBER: N/A

AGENDA SUBJECT:
Flint Street low-water crossing upgrade discussion

AGENDA SUBJECT BACKGROUND / DESCRIPTION:

Discussion on upgrading a low-water crossing located on Flint Street 0.9 mile south of K-68, to a bridge. The existing low-water crossing serves as the only vehicular access point for four property owners. During high water events, the crossing becomes unsafe or completely impassable for vehicles. The property owners are then left with only two options: attempting to drive through high water conditions or using the adjacent walking bridge for access. Upgrading the low-water crossing to a bridge would provide safer, more reliable access year-round, especially for emergencies.

REQUESTED ACTION / STAFF RECOMMENDATION:

Discuss options for upgrading the low-water crossing to a bridge.
